The only Grant Writing System
Win the Grant pre-orders now available

Win The Grant book is a step by step system with tools and checklists.

This is a complete "over the shoulder" look at how an assessor would judge your application, to increase your chances of winning the grant.
What you'll learn, literally has the power to change the way you think and see the bigger picture in grant writing.

Did you know 54% of grant applications never get submitted, and just over 30% don't make it through the first assessment stage. This might make winning a grant seem impossible.

But what if you could somehow "defy" the odds, and tip the scales in your favour?
Well, now you can with a brand new grant writing system that you won't find anywhere else.

You'll learn the very system the Author, Natalie Bramble has developed over the last 20+ years, writing winning grant applications with over 80% success.
